# legacy by jennifer glaser

We've grown from one girl's love for her dog into an industry leader, crafting toys and accessories that spark joy, inspire curiosity, and keep tails wagging. Thoughtfully designed by Jen herself, these toys have earned their place in our esteemed legacy collection of classic toys.

## Dear ZippyPaws Family,

If you asked me to think back to 15 years ago, when my dad and I first decided to start ZippyPaws, I would remember how fun it was. I spent hours thinking up a company name and sketching out the first three dozen toy designs. The Floppy Jelly and the Zippy Caterpillar, are the only two remnants of that first original batch of designs.

I remember diving deep into the business in May 2011 after graduating college. I spent the next five months building the website, taking product photos, writing descriptions, and setting up my eBay store. I can't remember the very first item I sold on eBay that October - maybe a Squeakie Buddie or a Squeakie Pad - but I was so excited that I drove to the post office to ship that one single order.

Over time, the orders grew. We went from visiting the post office twice a week to every day; from two packages a day to a full box; from a box to a truckload. After that, the years became a blur of milestones. We moved into a warehouse, hired our first employee, landed our first wholesale customer, sold to our first international customer, entered our first big box store, and much more.

The journey hasn't always been easy, but I feel incredibly lucky. Every mistake along the way has been a lesson - a blessing in disguise that helped us grow into the company we are today.

As ZippyPaws celebrates its 15th anniversary, I want to thank you for believing in our brand. I'm extraordinarily proud to keep our business family-owned and founder-led as we look towards the future. This year we're honoring our roots by refreshing classic lines like Burrows, Z-Stitch, and Jigglerz, while continuing to innovate with new favorites like our Snufflerz interactive toys.

Thank you for being part of our story. Cheers to the next 15 years!

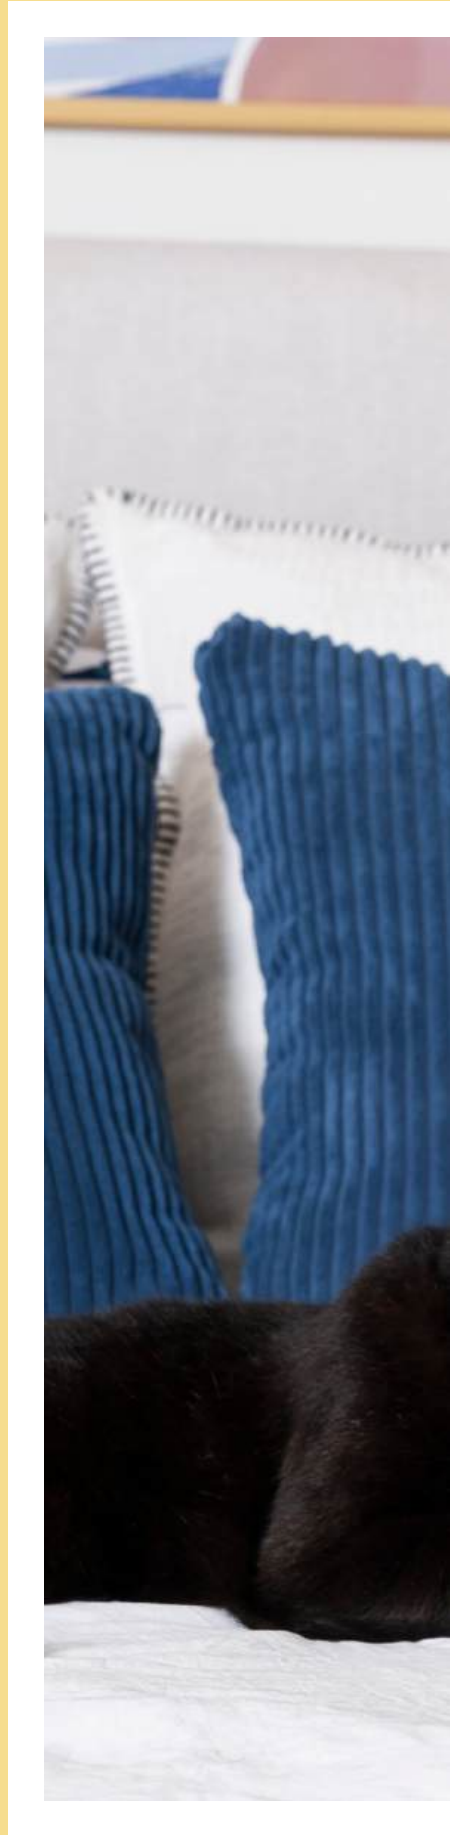

## Jennifer Glaser

# standing displays, dump bins, and clip strips

Standing Displays Made custom from cardboard materials that feature unique printed designs, a durable base and removeable ears for easy assembly.  
 Dump Bins A great way to capitalize on floor space in your stores and promote product visibility. Units vary by display.
